## What's Inside

[Actions and Connections](#)  
[Local Food Sources](#)  
[IT & Digital Privacy](#)  
[Next Meeting Topics](#)  
[Gympie Council Watch](#)

## "We as the people" welcome you

For those who are new, we give you a warm welcome from like-minded living men and women.

## From the Editor

This edition we have a summary of our last meeting , how to make Apple computers and laptops more private, and the agenda for this coming meeting.

## Actions and Connections

The meeting update from Sunday 21 June saw some good ideas on Putting the 'Solutions' from the Camp Out into 'Actions'

- The Solutions suggested are what 'Must Be Done'
- Many feel our time is now to come together as a collective to build a better Australia for everyone. The solutions will only come to fruition if we have a PLAN with the best intentions to have peace and live in harmony

Some great ideas presented included:

- Develop our own media / radio networks. Suggestions where to see how we can align with existing radio or

broadcasting agents that are willing to promote regular speakers from the freedom groups across Australia in educating the public about their rights. We could publicise the speakers across Australia through all groups as one of their speakers could do an interview to educate the people in their field of expertise. When we combine the groups in one place it is easier to spread the knowledge rather than people wanting to learn having to find their group. All groups coming together as one voice educating the public across broad fields of knowledge will advance the process faster.

- Original bloodlines are working on the Crown to recognise Imperial laws NOT Colonial – (Delegation of powers)
- Governance under L.O.R.E. / LAW of the land – (grandmother / grandfather)
- Circle of community and elders working together to stop the divide
- Work towards self-governance.

## Local Food Sources

[More info on our website here](#)

**We are very keen to add more local farmers and producers to our food source list.**

**If you have contact with a farmer, please email us at**

[news@myplacegympie.org](mailto:news@myplacegympie.org)

**Thank you**

## IT & Digital Privacy

macOS (on Apple computers and laptops) is not too bad for privacy and security out of the box. There are just a few things that can be made better.

Below are the settings to check. The key settings are for all of us, while the hardening settings are for those that need to protect proprietary information or are threatened by the state.

- **Default State:** Opt-out telemetry, iCloud-first, diagnostic logging enabled.
- **Key Settings to Review:**
  - System Settings → Privacy & Security → Analytics & Improvements → **Disable** Share Mac Analytics, Share with App Developers, Improve Siri & Dictation.
  - System Settings → Privacy & Security → Location Services → **Disable globally or restrict per app.**
  - System Settings → Siri & Spotlight → **Disable** Ask Siri, restrict Spotlight Suggestions & Look up & Siri Suggestions.
  - System Settings → Apple ID → iCloud → **Disable** sync for non-essential data. Enable Advanced Data Protection for end-to-end encrypted cloud storage.
  - System Settings → Privacy & Security → Advertising → **Disable** Personalized Ads (if available in your region).
- **Hardening Additions (Medium/High Risk):**
  - Enable Lockdown Mode if available (macOS Sonoma+): System Settings → Privacy & Security → Lockdown Mode
  - Terminal: `sudo launchctl disable system/com.apple.analyticsd` to suppress analytics daemon (reversible)
  - Firewall: System Settings → Network → Firewall → **Enable**; block incoming connections; consider "Little Snitch" for outbound control
  - FileVault: Ensure enabled for full-disk encryption
- **Pro Tip:** Use separate user accounts for different risk contexts; avoid admin account for daily browsing.

## Next Meeting Topics

Sunday 5th July

### Presentations

- Continue with putting the 'Solutions' from the Camp Out into 'Actions'
- World Leaders Adopt Historic Pact for the Future at UN General Assembly

### Group Discussions

Fire Ants – Update – What has been happening in the background

**View / download the full printable meeting agenda from our website here**

**Minutes of previous meetings available on our website here**

## Harvest Table

Our HARVEST tables are alive and well.

## Gympie Council Watch

### **We as the people**

- The Community have been Visiting the Gympie Regional Council meetings for over twelve months now.

- The meetings are held monthly so make sure you mark the next one in your calendar.
- Our presence is powerful. They see us and we see them.
- Craig provides an update of the Council meeting for each meeting. You can [access this via our website](#) (public access); there is a specific page allocated to the Council Meeting Reports in the Publications area.

**Wishing you all peace, freedom, good health, and prosperity.**
