"We as the people" welcome you

For those who are new, we give you a warm welcome from like-minded living men and women.

From the Editor

All we have this fortnight is the summary from last meeting and the agenda for our next one.

Actions and Connections

Summary of 5 July 2026

The meeting had many great discussions on what we can do as a community to come together and eliminate the blockages we face in setting up our own community.

This was a topic of discussion during our program of putting the 'Solutions' from the Camp Out into 'Actions'

- The Solution = What Must Be Done

As part of the solutions discussed Steve presented via the Echo radio to the group on the

#Notice to whom it may concern on Australia's emergency alarm system test (#66)

Steve has set up a "I do not consent" notice to the broadcast of the emergency test signal at 2pm on 27 July 2026, as advised in the Australian Government alert that anyone can copy and forward to their federal members of parliament along with state and local councils.

The frequencies to be transmitted and their potential effects on the brain, mind and body are unknown to me, so I cannot possibly give my full and informed consent. Based on the evidence presented below, I am unable to trust that any assurances given about frequencies to be included or not included will be honored.

As I have now clearly declined the contractual offer to transmit this to me, this broadcast must be cancelled nationally and indefinitely along with any other

similar broadcast. Anyone directing it or allowing it to proceed will therefore be personally, financially, energetically and karmically liable for any damage it may cause to me or my family over whatever timescale.

Steve has researched extensively on the possible risks to the public from the emergency broadcast.

The Risks: Inclusion of something nefarious in this test signal is exactly the sort of dishonesty, gaslighting and betrayal that one would expect from psychopaths progressing eugenics. Who will be monitoring and publicly reporting on measurements of our well-being that might be affected, before and after this transmission?

The risk of that broadcast including infrasonic weaponry and/ or other subliminal or sub-conscious, mind-manipulating frequencies/ messaging is just too high to take, given the massive abuse of public trust demonstrated by commercial and government interests colluding for profit against the peoples of the world with seemingly eugenic intent, under cover of Climate Change and Covid. (Note: Infrasonic refers to the inaudible frequency range below the human bandwidth of around 20Hz.)

Action you can take:

For your own safety, anyone reading this can make a public statement like that above. Free speech, independent thought and uncensored social media are such a threat to the world controllers that the continuous monitoring by their AI surveillance algorithms will find it, wherever you post it on any big-tech platform. It will then be flagged and passed to the controllers who believe in karmic consequences and who will wish to avoid it accruing to them.

The contract law they operate under requires consent. This is often

manufactured by stealth, advising those to be abused via mediums such as film, where audiences have no chance of responding. The silence resulting from this is taken as consent, which legally, it is, even though morally and lawfully, it isn't. Make sure this doesn't happen here. Find your voice and your keyboard. Advise publicly anywhere you can that you do not consent, and encourage others to do the same. The greater the volume the harder it will be for the perpetrators to ignore.

For more information on this item please follow Steve on his site.

The meeting also discussed the update of what is happening on the fire ant program. The Gympie Region Fire Ant Group was invited to host a stall at the Mary Valley Festival on Saturday 11 July 2026. The stall received great support from the local community in demanding a greater say in the program and the alternatives that are scientifically backed should the program make its way to the Gympie region.

Local Food Sources

[More info on our website here](#)

We are very keen to add more local farmers and producers to our food source list.

If you have contact with a farmer, please email us at
news@myplacegympie.org

Thank you

Next Meeting Topics

Sunday 19th July

Presentations

Cyril Bourke – EMF Busters

- Cyril will be discussing the upcoming Emergency Alert – Echo Radio's and phone network.

Craig - World Leaders Adopt Historic Pact for the Future at UN General Assembly

- the Pact for the Future and its annexes: the Global Digital Compact and Declaration on Future Generations
- Our role is to counter these pacts – the HOW!!

Group Discussions

- Continue with putting the 'Solutions' from the Camp Out into 'Actions'
- The Solution = What Must Be Done
- Our time is now to come together as a collective to build a better Australia for everyone
- Fire Ants – Update – What has been happening in the background

Gympie Council Watch

We as the people

- The Community have been Visiting the Gympie Regional Council meetings for over twelve months now.
- The meetings are held monthly so make sure you mark the next one in your calendar.
- Our presence is powerful. They see us and we see them.
- Craig provides an update of the Council meeting for each meeting. You can [access this via our website](#) (public access); there is a specific page allocated to the Council Meeting Reports in the Publications area.

Wishing you all peace, freedom, good health, and prosperity.
