"We as the people" welcome you

For those who are new, we give you a warm welcome from like-minded living men and women.

From the Editor

We are back with meetings again after the hiatus for the stall at the off grid expo.

Craig has some info below to support his presentation about invasive species declarations across Australia.

Actions and Connections

Why are the governments spending billions of dollars on culling brumbies, fire ants, deer and other wildlife. There is money in it and we are paying for the destruction of the ecosystems through poisoning the environment.

The attached link shows all of this is driven under a UN agenda.

<https://www.unep.org/Section.F.2050visionand2030mission>

10. The vision of the Kunming-Montreal Global Biodiversity

Framework is a world of living in harmony with nature where “by 2050, biodiversity is valued, conserved, restored and wisely used, maintaining ecosystem services, sustaining a healthy planet and delivering benefits essential for all people.”

11. The mission of the Framework for the period up to 2030, towards the 2050 vision is:

To take urgent action to halt and reverse biodiversity loss to put nature on a path to recovery for the benefit of people and planet by conserving and sustainably using biodiversity and by ensuring the fair and equitable sharing of benefits from the use of genetic resources, while providing the necessary means of implementation.

This will be discussed at our coming meeting.

Local Food Sources

[More info on our website here](#)

We are very keen to add more local farmers and producers to our food source list.

If you have contact with a farmer, please email us at
news@myplacegympie.org

Thank you
